REGISTER OF MEMBERS

By law, there must be a Register of Members that is available to any member on request, for a reason related to the operation of AESSRA Inc. Previously we have had an "opt in" policy, with members choosing which details to include.

Current legislation means that members who do not want to be included in the accessible register must opt out. You must advise us in writing (see below) if you do not wish your details to be in the Register of Members, until further notice is given.

If you do not opt out, your name, address, voting status and expiry date will be included in the Register of Members.

If you have previously opted out, that status will remain unless you notify that your wishes have changed.

Register of Members

As AESSRA is an organisation that includes members with sensitive issues, I request that my contact details not be listed in the Register of Members until I give further notice. If other members wish to contact me, for permitted Association business, they must do so through the Secretary (or other Committee member).

Name Signature Date

Associate - Relative. Please fill out for affected relative(s).

Other members: Filling this in is optional but it will help us understand the needs of our members, and knowing the number of people affected helps us when approaching government departments or other organisations for funding or other help.

All information will be kept in strict confidence.
